Resolved, That the people
of the island of Cuba are and of
right ought to be free and inde-
pendent."

SOME FACTS ABOUT PUBLIC SO-
CIAL LIFE IN RENO.

The JOURNAL in its issue of May 7th
in effect said, that the social and busi-
ness interests of Reno are affected by
dry rot. The charge, if such it may be
called, applies in its social sense to
community interests. A newspaper
should use its columns to better pur-
pose than airing the private affairs of
the people. It is not always pleasant
to look upon and review the social con-
dition of a community, but it is as much
a citizen's duty to look after and care
for the interests of the community in
which he lives, as it is his duty to look
after and care for his personal interests.
The reason therefore is that the inter-
ests of the community in which he
lives and his personal interests are so
connected and blended, that they are
one in interest to him. It being true
that each has a personal interest in the
community, it is the right of each to be
consulted respecting matters of
common interest and it is the duty of
all to consult one with the other re-
garding the good of the community.

It is the opinion of the JOURNAL that
the cause for a seeming want of inter-
est on the part of the people in matters
of public interest presented in the
past to their attention, the success of
which depended upon their co-opera-
tion, was a failure by those who pro-
posed changes or improvements of a
public nature to advise with those most
interested. It goes without saying
that some of the changes and improve-
ments proposed were changes and im-
provements that would largely benefit
the community by adding pleasure and
comfort to the people and beauty to
the town.

Those who have taken interest suf-
ficient to bring forward from time to
time matters of reform are at a loss to
account for the cool reception given
by the people to their views and plans
for improvement. They were honest
and earnest in their efforts to enlist
the people in the good work, but in
their honest and earnest effort there
was an offense—a violation of a natural
law. While they were persuaded they
were doing that which was for the best
interests of all they failed to persuade
others, and a feeling of opposition
arose because of the oversight that in
time developed into positive opposition
to all schemes for improvement of the
town by the people. Man is so consti-
tuted when in a position to exercise
his volition that he will not allow him-
self to be set aside. His individuality
must be recognized and accepted, and
if it is not recognized he will not
travel with those who set it aside; a sense
of individuality is a law of his being,
given by his Creator, and whosoever
neglects to recognize it is not a leader
of men. There has been a tendency of
feeling and action for years in Reno to
overlook and set aside the individuality
of others, and as a result the town is a
clique town. When any town improve-
ment is offered for consideration in any
form it usually comes from a member
of some clique who feels that he is not
called upon to consult or discuss the
matter with persons who are not mem-
bers of his particular clique, and no
general discussion is made of the sub-
ject. Then the law above mentioned
comes into play and a positive feeling
and knowledge by members of other
cliques and the people in general that
they have been overlooked takes pos-
session of the community, and a clique
war begins, and a feeling of sympathy
by the people follows, and the matter is
closed. There will be no general move-
ment by the people of Reno for its im-
provement till a change is made in the
social make-up of the town, and till
then all improvements will of a neces-
sity be limited to individual efforts
by the people. The clique nuisance is
a misfortune to any community and
when fostered becomes a positive in-
jury to public social life and is an out-
growth of a cause deeper than any
factional spirit there is in the people.

TO ISSUE MORE MONEY.

The Senate Finance Committee has
made the following, among other
amendments to the war revenue bill
passed by the House of Representa-
tives:

"That the Secretary of the Treasury
is hereby authorized and directed, for
the purpose of meeting and defraying
the expenditures made necessary by
reason of the existing war against
Spain, to prepare and issue, on the
credit of the United States of America,
from time to time, as the same may be
needed, during the next fiscal year,
United States legal tender notes to the
amount of \$150,000,000, which notes
shall be of like denominations and of
the same legal tender quality, and
shall be payable and redeemable and
reissuable in the same manner as the
three hundred and forty-six millions

of such notes now outstanding, as de-
scribed and mentioned in the Act of
Congress of May 1, 1878, said notes
when first issued to be expended only
upon the war account aforesaid, and
said notes shall be exempt from taxa-
tion or under State or municipal
authority."

The provision for the coinage of the
silver seigniorage is as follows:

"That the Secretary of the Treasury
shall immediately cause to be coined
as fast and as soon as possible into
standard silver dollars, which shall be
of like weight and fineness and of like
legal tender quality as those provided
for under existing law, the silver bull-
ion now held in the Treasury being the
amount of the gain or seigniorage de-
rived from the purchases of silver
bullion by the Treasury under the Act
of July 14, 1890, amounting to the sum
of \$42,000,000, said moneys so coined to
be immediately available for payment
of expenditures on account of the
present war with Spain. The Secretary
of the Treasury is hereby further
authorized to immediately issue, in
advance of the coinage of said seig-
niorage aforesaid, silver certificates of
similar design and denominations and
of the same quantity, payable and re-
deemable, in like manner as those
authorized by law, in such sums as
may be from time to time needed for
public expenditures, not exceeding in
the total amount of said seigniorage so
held in the Treasury."

These provisions seem to be much
more in accord with public sentiment
than the House bill providing for the
issuance of bonds. The bond feature
is satisfactory to the rich, who have
money to invest, and do not want the
volume of money increased; the pro-
visions for issuing greenbacks and
coining the silver seigniorage pleases
the masses, who want more money in
circulation, as it will increase the
prices of labor and of farm products.
The issuance of \$500,000,000 in bonds
would not add a dollar to the volume
of money in circulation, while the
amendments above quoted will in-
crease the volume of money about
\$200,000,000.

CRISIS IN SPAIN.

Dewey Captures Another Span-
ish Gunboat.

Big Guns Heard Booming Off the
Coast of New England
Yesterday Noon.

MADRID, May 16, via Paris.—The
members of the Spanish Cabinet have
resigned. Senor Sagasta will to-night
communicate the situation to the
Queen Regent, who will entrust him
with the task of forming a new minis-
try.

HONG KONG, May 16.—The Spanish
gunboat Callao has been captured by
the American fleet at Manila. The
populace of Manila is reduced to eat-
ing horse flesh.

WASHINGTON, May 16.—It is now as-
serted that a second call for volunteers
will be issued. To properly hold the
Philippines from 30,000 to 50,000 men
will be necessary. To clear up matters
in Cuba 200,000 men will be required
and it is understood the President will
call for 100,000 additional volunteers.

A telegram has been received from
Admiral Dewey thanking the President
for his promotion and complimenting
his chief-of-staff and the commanders
of all the vessels of his fleet.

CHICAGO, May 16.—A Washington
special says that President McKinley
has abandoned his peaceful blockade
idea. Orders were cabled to the com-
mander of the blockading squadron to
turn his ships loose on all fortifications
where resistance is offered. Every
Cuban port that is strongly protected
to be bombarded until the Spanish guns
are silenced and their gunboats sunk.
Havana is short of powder and shot
and Blanco expects the Cape Verde
fleet to supply him with ammunition
and it has been ordered to take all
risks to reach Havana. Blanco wired
Madrid that his ammunition would not
last the guns of his fortifications two
days in case of an attack.

PROVINCETOWN, Mass., May 16.—The
United States signal stations at Nauset,
Catham, Highland Lights and Orleans
reported at noon that firing had been
heard off the coast in the direction of
South Channel at intervals of five
minutes since early morning. At 12:15
the cruiser San Francisco went out to
investigate.

KEY WEST, May 16.—The officers of
the French cruiser Fulton say that the
populace and soldiers of Havana are
discouraged by the blockade and the
improbability of any succor reaching
the city. On the other hand, a great
American invading army is expected to
land in Cuba shortly.

NEW YORK, May 16.—A dispatch from
Berlin says: The shipping interests are
beseeching the Government to pre-
vent the loss of the Philippine Islands
to the German trade, which they say
would result if American commercial
houses are established there.

Sala's Last Article.

In The Windsor Magazine Mrs. Sala
relates an incident about the last maga-
zine article ever written by the late
George Augustus Sala. "As I re-entered
his study that afternoon," she writes,
"he gave me over three slips of a
closely written MS on flimsy foreign
note paper and said: 'Take them, dear-
est. I am so tired I don't think I shall
ever write another magazine article.
Put the sheets in your dispatch box and
finish them for me. When I am dead,
you will perhaps wait bread, and then
you can sell 'Bedrooms on Wheels.'"
Sure enough, it was just as he so sadly
prophesied, for often since cruel death
came between us I have wanted for the
common necessities of life during many
weeks and months of weariness and ill
health."

The Dear Child.

Little Tommie—Sister Lillian likes
to have you come here.
Mr. Simpering—Aw, indeed! How
do you know that?
Little Tommie—Well, people always
like what makes them glad, don't they?
Mr. Simpering—Generally. But how
do you know I make her glad?
Little Tommie—I heard her tellin'
one of the other girls today that she
just had to laugh every time she looked
at you.—Cleveland Leader

"Have you ever traveled in the
south?" asked the New Orleans man of
the chap from Bangor, Me.
"Oh, yes, indeed," said the Maine
man. "I once went to Jackson, Miss.

Men between the ages of 18 and 45 years, physically sound, not exceeding 165 pounds in weight, are eligible for enrollment.

TORREY'S CAVALRY.

The Colonel Will Select the Captains and Lieutenants.

Three regiments of volunteer cavalry are being raised in different States, discretion being given to the commanding officers to recruit them as they see fit. The Nevada troop of 84 men, which left Saturday evening for Cheyenne, has been assigned to Colonel Torrey's regiment.

An exchange says the Secretary of War will doubtless recognize the wishes and recommendations of these three Colonels in the appointment of officers for their regiments and the Governors of States will have nothing to say except by courtesy of the Colonels. The law gives discretion to the Secretary of War in the appointment of officers for these three regiments, and acting upon this discretion, he has indicated an intention in the main to follow the recommendations of Colonels.

Special Train.
The Virginia & Truckee Railroad Company notified the Reno Wheelmen last evening that a special train would be run from Virginia and Carson on next Sunday, the 22nd, on the occasion of the Olympics of San Francisco and the Reno Wheelmen's 50-mile relay contest. It is presumed the train will leave Virginia at about 9 A. M. and Carson at 10 arriving in Reno about 12 M. and will leave this point on its return trip about 4:30 P. M. or shortly after the conclusion of the contest.

The round trip rate from Virginia will be \$1.25 and from Carson \$1. At this very moderate charge a large crowd may be expected from Virginia and Carson and intermediate points along the line.

Troops Moving.
The Colorado contingent of 1000 men left Denver on Sunday evening for San Francisco by special train. They are expected to pass through here sometime this afternoon.

Utah troops numbering 250 men left Ogden last night. They are expected to pass this point today.

The 13th Infantry numbering 100 men left St. Paul, Minn., Sunday afternoon and will pass through here on Thursday according to the program. The officers, men, horses, baggage, etc., occupied thirty-five cars divided into four special trains. They are enroute to the Philippines.

direction of the War Department of the United States, I, REINHOLD SADLER, Lieutenant and Acting Governor of the State of Nevada, do hereby invite enlistments for the First Troop, Nevada United States Volunteer Cavalry, to consist of 80 enlisted men and 3 officers.

Men between the ages of 18 and 45 years, physically sound, not exceeding 165 pounds in weight, are eligible for enrollment.

The Government will pay transportation on railroad from home to the place of rendezvous, at Carson City, Nevada.

REINHOLD SADLER,
Governor of Nevada.

TORREY'S CAVALRY.

The Colonel Will Select the Captains and Lieutenants.

Three regiments of volunteer cavalry are being raised in different States, discretion being given to the commanding officers to recruit them as they see fit. The Nevada troop of 84 men, which left Saturday evening for Cheyenne, has been assigned to Colonel Torrey's regiment.

An exchange says the Secretary of War will doubtless recognize the wishes and recommendations of these three Colonels in the appointment of officers for their regiments and the Governors of States will have nothing to say except by courtesy of the Colonels. The law gives discretion to the Secretary of War in the appointment of officers for these three regiments, and acting upon this discretion, he has indicated an intention in the main to follow the recommendations of Colonels.

Special Train.
The Virginia & Truckee Railroad Company notified the Reno Wheelmen last evening that a special train would be run from Virginia and Carson on next Sunday, the 22nd, on the occasion of the Olympics of San Francisco and the Reno Wheelmen's 50-mile relay contest. It is presumed the train will leave Virginia at about 9 A. M. and Carson at 10 arriving in Reno about 12 M. and will leave this point on its return trip about 4:30 P. M. or shortly after the conclusion of the contest.

The round trip rate from Virginia will be \$1.25 and from Carson \$1. At this very moderate charge a large crowd may be expected from Virginia and Carson and intermediate points along the line.

Troops Moving.
The Colorado contingent of 1000 men left Denver on Sunday evening for San Francisco by special train. They are expected to pass through here sometime this afternoon.

Utah troops numbering 250 men left Ogden last night. They are expected to pass this point today.

The 13th Infantry numbering 100 men left St. Paul, Minn., Sunday afternoon and will pass through here on Thursday according to the program. The officers, men, horses, baggage, etc., occupied thirty-five cars divided into four special trains. They are enroute to the Philippines.

General Otis, second in command in the Manila and Philippine expedition will pass through on this morning's west bound for San Francisco.

First Troop, Nevada Cavalry.
Governor Sadler is in receipt of the following which authorizes the formation of an independent company:

Becoming a Favorite.
Miss Mabel Stanaway sang with much success at a Christian Endeavor Union meeting at Norwood, Mass., on the evening of February 8th. Her selections were, "Our King," "Bethlehem," "The Lord is Mindful of His Own," "from 'St. Paul,'" Mendelssohn. The Norwood Messenger says: "Miss Stanaway has a voice that is sure to bring her success and she will always be a favorite among Endeavorers in Norwood."—New England Conservatory Quarterly.

Independence Lake Hotel.
This popular mountain resort will open on June 1st, of this year. The best of trout fishing in the lake and neighboring streams and quail, grouse and deer abound in the forests. The rates are very reasonable and accommodations first-class.
